Placement Assistance Policy

At *Geoinfra Technologies India*, we are committed to delivering comprehensive, industry-relevant GIS training that equips our students with the skills needed for a successful career in geospatial sciences. Our placement assistance services are designed to support students in their job search, with specific guidelines to ensure transparency and fairness.

1. Placement Assistance Framework:

- *Geoinfra Technologies India* offers placement assistance only to students who have successfully completed their training program in accordance with the curriculum guidelines and demonstrated the required competencies.
- Placement opportunities are shared based on the demands and requirements from our network of industry partners.
- Placement assistance does not guarantee employment, as job acquisition depends on external factors and the candidate's abilities.

2. Merit-Based Placement Opportunities:

- Placement opportunities are merit-based. Successful employment depends on the individual's academic performance, skill development, and professional aptitude.
- Candidates must perform well during interviews, assessments, and evaluations conducted by potential employers.
- *Geoinfra Technologies India* does not influence the hiring decisions of third-party employers.

3. Course Fee and Placement Services:

- The course fee for all programs at *Geoinfra Technologies India* is for training purposes only.
- The course fee does not include charges for placement services. Placement assistance is provided as a value-added service at no extra cost.
- Students are encouraged to use the skills gained during the course to enhance their employability.

4. Job Notifications and Application Process:

- *Geoinfra Technologies India* will inform students of relevant job opportunities through official channels (email, website portals, etc.).
- It is the student's responsibility to pursue job applications, prepare for interviews, and follow up on placement opportunities.

5. Industry Network and Professional Connections:

- *Geoinfra Technologies India* maintains partnerships with key players in the GIS industry to provide students with access to job openings and professional networks.
- While we facilitate introductions to prospective employers, students must maintain their own professional networks and stay informed of industry trends.

6. No Placement Guarantee:

- While we strive to provide strong placement assistance, *Geoinfra Technologies India* does not guarantee employment. Success in securing a job depends on individual effort, skills, and suitability for available roles.

7. Continuous Professional Development:

- We encourage students to continue learning and developing their skills after completing the training. Staying updated with the latest industry trends can greatly improve employability and career prospects.

8. Post-Training Support:

- *Geoinfra Technologies India* offers ongoing support to students after they complete their training, including access to learning resources, industry updates, and career guidance to help them navigate the job market and advance in their careers.
